C. Grade System Study Committee

Over the course of the last year we have received a number of issues within our high school guidance department to merit looking at how grades are figured, the grading scale we utilize, the weighted grade system, college grade requirements and other related topics. I would like to put together a study committee that would involve the high school guidance department staff, the high school administration, two high school teaching staff members, two parents, and two board members. My goal would be take a comprehensive look at our current practices, study best practices, and make recommendation to this board by next Spring in time for implementation for the incoming freshman class next August. (This would be the class of 2022).

I would update the Board on our progress similar to what I do with the Programs Committee.

If any parents are interested in serving in this capacity, please email LeAnne Kelley. I would ask that board members contact Mr. Reed as the board president, and he can relate to me the two board members that will represent the Board.

The first meeting will be on Wednesday, September 29<sup>th</sup> at 6PM. I'll give another reminder next month.

D. 2017-18 School Safety Plan Approval

Each year, by stature, I have to bring the School Safety Plans before the Board for approval by September 1<sup>st</sup>. Mr. Sparks has coordinated these plans and has met for plan review with each of the building principals. The principals review the building plans with school staff as well as hold table talks and exercise school safety drills to practice our safety procedures.

We take student safety extremely serious here at WRV as the students and staff are our top priorities.

I recommend the approval of these plans for submission to the Indiana Department of Educations.
